The administration will identify programs or opportunities for students (inside and or outside of the classroom) to gain a greater understanding of the health hazards of tobacco use and the impact of tobacco use as it relates to providing a safe, orderly, clean and inviting school environment. To reduce tobacco and secondhand smoke as a trigger to cases of asthma while a student and adult is attending school, each school district/school shall prepare, adopt, implement and evaluate a comprehensive plan for the prevention and management of asthma as per the guidelines of the National Association of State Boards of Education, *Fit, Health, and Ready to Learn: A School Health Policy Guide*.

Procedures for Implementation
