

Instructions for obtaining a birth record from the Glynn County Vital Records Office

The Glynn County Vital Records Office now has the ability of issuing birth records for anyone born in Georgia since 1919. Previously, records were only available from the county where the birth occurred, but through a new Georgia Vital Events Registration System, records are now available for births occurring in any Georgia county. There is a \$25 fee for obtaining a copy of a birth record.

Since any Local Custodian Office will be able to issue certified copies of any Georgia birth record, they must all follow the same exact standards. Those eligible to receive certified copies of birth records are:

- The person named on the certificate- If the person named on the certificate (i.e. the registrant) is the requestor, that person must provide valid photo identification at the time of the request.
- The parent(s) named on the birth record- Must provide valid picture identification.
- An authorized legal guardian or agent- Any person who has legal custody or control of a minor child must provide a certified copy of the court order establishing guardianship and legal custody.
- Grandparents of the person named on the certificate- Must provide proof of relationship such as the birth certificate of the registrant's parent.
- An adult child or adult sibling of the person named on the certificate- Must provide proof of relationship by providing a copy of his or her birth certificate listing one of the same parents, along with his or her valid government issued picture identification which includes signature.
- The spouse of the person named on the certificate- Must provide a copy of the marriage certificate, a photo copy of the spouse's picture identification, which includes the spouse's signature, with a notarized letter from the spouse giving permission.
- Attorney- Must represent an immediate family member and provide a notarized letter on letterhead signed by the attorney; provide bar number indicating reason for the request and whom they represent; provide supporting documentation with the fee; provide a notarized release from the biological mother, in the event of an adoption.
- State or Federal Government Officials- The State Registrar or the local custodian may disclose data from Vital Records to authorized representatives of Federal, State, or County agencies of government which request such data in the conduct of their official duties.
